

ALLIES BEGINTO CLEAR WAY FOR OUSTING AMERICA

Adriatic Crisis Results
In... Independent
Action.

PACT MAY SOON DIE

If Covenant Becomes Pres-
idential Issue Allies
Quit.

Washington, Feb. 19.—England, France and Italy already have begun to clear the way for independent action, free from all American influences in case the treaty of Versailles is refused ratification by the senate. Such is the interpretation placed upon the crisis between the United States and the allies over the Adriatic agreement by some of the best informed statesmen here. But until the state department makes known the text of President Wilson's note of February 10, and the allied reply to it, which it was expected it would do today, they are chary about offering public comment.

Should the treaty be projected into the presidential campaign as many senators now believe it will be, many predict that before it can possibly be voted upon at the fall elections the situation in Europe may be so changed that the whole pact from the American point of view will be well nigh meaningless. For instance, should England and France cede to the importunities of an impatient and angry Italy and give her what she wants in opposition to the emphatically expressed beliefs of President Wilson, would not the president in effect, withdraw the treaty from the campaign as an issue precisely as he warned Europe he might do in the senate?

Some assert that unless the treaty is definitely settled in the senate it will become a dead issue before the country can pass upon it.

Unless the treaty is ratified, or otherwise disposed of soon in some positive fashion, it is generally conceded here that the whole trend of America's international relations may be materially altered, and new agreements of treaties may have to be negotiated between this and the allied countries, and perhaps even with Germany herself.

STATE INDUSTRIAL COMMISSION MEN OUT OF POSITIONS

Columbus, O., Feb. 19.—Due to the failure of the state legislature to provide adequate funds for carrying on the work of the state industrial commission, more than 100 field men will be forced to give up their positions with the commission in May, according to a statement given out here today by officials of the commission. This, it is claimed, will seriously cripple the administration of the workmen's compensation law.

An alleged plot to destroy the operation of the Ohio plan of paying workmen's compensation, and to check its adoption in other states, is being supported by the liability companies, it is charged.

Besides handicapping the prompt settlement of claims, the commission points the lack of funds will also prevent the establishment of the five mine rescue stations, provided for in the King bill.

CHURCH MEETING ADOPT RESOLUTION

Columbus, O., Feb. 19.—A resolution adopted by the United States accept a state over Turkey and Armenia was adopted with only two dissenting votes by the 1,500 Ohio ministers attending a conference here under the auspices of the inter-church world movement. Such action, it was said, is not the official expression of the church movement, as the resolution was recommended to the executive committee of the movement as part of its program.

WILSON AT TYPEWRITER

Washington, Feb. 19.—President Wilson is expected soon to get back to work on his typewriter, according to Dr. Grayson. The president's daily routine now includes an hour at his desk in his study before his two hour "airing" in the grounds of the white house.

U. S. SHIPPING BOARD LOSES CHANCE OF SELLING EX-GERMAN VESSELS AT PUBLIC AUCTION

Washington, Feb. 19.—A temporary injunction restraining the U. S. Shipping Board from selling the former German passenger vessels was granted to William Randolph Hearst today by Justice Bailey in the supreme court of district of Columbia. The court referring to the legal question, said:

"After a careful examination of the statutes, I am of the opinion that they do not show an intention on the part of the congress to place in the president in any of his appointees or in the defendants the power to sell these ships and that no such power has been granted by congress."

HAITI PROSPERING UNDER GUIDANCE OF DARTIGUENAVE

Philippe S. Dartiquenave.

Not much is heard of President Philippe S. Dartiquenave of the little island of Haiti, now serving his fourth term as the chief executive. But under his guidance Haiti is prospering and the government is being run in an efficient manner.

MONEY COMBINE MAY BE MADE INTERNATIONAL

London, Feb. 19.—The Pall Mall Gazette today published a report that Henry P. Davison, of J. P. Morgan and company, who is now in Europe, is working to establish an international money combine. Mr. Davison is said to be backed by J. P. Morgan and company and the Guaranty Trust Company in plans to form a gigantic trading company for international commerce.

The Pall Mall Gazette says that "an unexampled burst of old world trading is expected," and that the project is meeting with the greatest encouragement both in Great Britain and France.

"The financial combine," The Pall Mall Gazette says, "is to be utilized for the financing of both national and private enterprises."

When Mr. Davison was informed at the Claridge hotel of the Pall Mall Gazette article he refused to deny its truth, nor would he make any comment at all.

"I want to read what it says first," said the financier.

New York, Feb. 19.—Officials of both J. P. Morgan and company and the Guaranty Trust company today denied being interested in the formation of a gigantic international money combine.

"Mr. Davison is in Europe on Red Cross work but will also visit our branch offices," commented George Whitney, member of the J. P. Morgan and company.

"The International Commerce corporation formed on December 31, last, will handle all the trading for the present."

P. H. Slison, vice president of the Guaranty Trust company, described the London story as "Piffle."

"It's only a dream," he said.

"Mr. Davison does not represent one dollar of the Guaranty Trust company and we have no plans for organizing such a company. It would be impossible because of the difference between American and European financiers."

DISORDERS BREAK OUT IN LONDON

London, Feb. 19.—An attack in which rifles and grenades were used, was made against the British military and constabulary barracks of Castle Gregory at Trales, Ireland, today, but the attackers were driven off after a fierce three hour battle, said a Central News despatch from Trales.

PROTEST OVER SECRET DIPLOMACY BETWEEN NATIONS IS ENTERED

ABOLISHMENT OF WORK HOUSE NOW BEING ADVOCATED

Plan Being Worked Out
By Dayton, Ohio,
Official.

POPULATION SMALL Would Retain Institution as Asset to the Community.

The abolishment of the Xenia work house, hinges on a plan now being worked out by Welfare Director D. F. Garland of Dayton, to secure state legislation that will divide Ohio into probably three or four districts to take care of all work house prisoners in the state.

At present there are seven work houses in the state and the rapid falling off of the number of prisoners in each has rendered it practically impossible to keep up some of these institutions. Xenia has been fighting desperately to retain the local penal institution, and it is said that Columbus is in practically the same condition.

It is said by G. S. Kennedy, special representative of the state board of charities, that the Dayton and Cleveland correction farms, are the most desirable institutions in Ohio, and possibly the only ones so desirably situated and equipped that they might care for all prisoners in the state.

Population Decreases

The population of the Dayton work house has fallen off from 150 and 200 to 50 and 60 prisoners, and the correction farm on the Germantown pike, the dormitories of which are nearing completion, will be adequate to accommodate prisoners from many towns and counties in this section if such a law is brought about.

The population of the Xenia work house has fallen off from about 75 prisoners to about a dozen, but the prisoners are found invaluable in city street cleaning work, and the city has been making a strenuous attempt to keep the institution above water for that reason.

The passage of a law such as suggested by the Dayton Welfare Director, would undoubtedly mean the elimination of the local work house.

The fact that Dayton was in the course of constructing the correction farm when the number of prisoners began to fall off is the reason for the fight being put up by that city to have the state restricted, so that the Dayton institution would be one of the few in the state to handle the prisoners and therefore would have enough to make it go.

GETS PARDON FROM COX ON PRISON TERM

Alva Nooks, who was convicted of larceny by a jury in common pleas court and sentenced to the penitentiary in March 1919, has been pardoned by Governor Cox, according to word received by Judge C. H. Kyle from the governor.

The evidence was not very strong in the case of Nooks, and for this reason, Judge Kyle recommended to prison authorities that he be confined only for the minimum period allowed by law. His pardon by the governor was obtained largely through the efforts of his attorney George W. B. Conrad.

Nooks is a son of "Bud" Nooks who is now confined in the penitentiary for connection with the crime of larceny for which Alva was also sentenced to the penitentiary and for which a younger son, John, is now serving a sentence in the Mansfield reformatory. The men were accused of stealing hogs from Graham brothers on the Columbus pike. The Nooks, home is near Wilberforce.

BREAKS ANKLES IN FALL FROM WAGON

Albert Bishop, inmate of the Greene County Infirmary, suffered a fracture of both legs near the ankle, when he fell from the top of a load of hay on which he was riding while the wagon was descending the hill near the County Children's Home, shortly before one o'clock Tuesday afternoon.

William Hughes, farmer, employed at the infirmary was driving the team of horses and David Helmer, another inmate, was also riding on the wagon, but was not thrown off. The horses did not run away, but were skittish as they descended the hill and it is thought the jostling of the wagon caused the man to fall to the ground.

Bishop was taken back to the infirmary, and Dr. H. C. Messenger was called and set the fractures.

WILSON NOTE, CRISIS

Open Dealing Urged in
Widespread Plan of
Action.

London, Feb. 19.—Protest against the secret diplomacy which has marked the exchange of views between President Wilson and the allies over the Adriatic settlement has been made to the cabinet by British publishers, it was learned today.

It is declared that the secrecy with which allied negotiations have been concluded since the council of premiers began sitting in city last week has jeopardized Anglo-American relations.

The sensation which has followed the revelation of President Wilson's postscript on his Adriatic protest, warning Europe that America may be withdrawn from Versailles treaty, has resulted in a widespread demand in the press for frankness and open dealing for the sake of world unity.

"A situation has arisen which calls for infinite delicacy in its treatment and also frankness," said the Evening Standard, a paper friendly to Premier Lloyd George.

"The nations should know what their governments are doing. Much harm could have been avoided in the past if such knowledge had been given to the people."

"In the dark and tortuous ways of diplomacy to which we have grown accustomed of late, nothing can be taken for granted," said the Manchester Guardian.

This newspaper hints that Great Britain and France may have made a secret bargain by which France got concession of allowing the Turks to remain at Constantinople in return for French support to the British view on the trial of German war offenders.

"There is only one moral to draw, and vigilance," said the Manchester Guardian.

"While the form and wording of the premier's reply to President Wilson's Adriatic protest were greatly softened the construction remains clumsy and unfortunate," said the Times. "It is a dialectical attempt to controvert the arguments and declares that both Italy and Serbia were unwilling to entertain the Fiume solution worked out in December."

The Times asks, in conclusion, "what will it mean if President Wilson proposes to make the December solution effective?"

PEACE TREATY IS TABLED IN SENATE TODAY

Washington, Feb. 19.—The treaty of peace with Germany has been laid aside by the senate. It will be permitted to rest on the senate table for the present while Senators wrestle with railroad and other pressing domestic legislation.

National and international subjects connected directly or indirectly with the treaty may be injected into debate, but with the senate still deadlocked on the long disputed article ten of the league of nations covenant, there is no disposition by the leaders on either side to pursue the moot question of ratification of which both are admittedly weary.

Senator Lodge, the Republican leader, is confined at his Washington home by a severe cold. The eyes of Administration senators are fixed upon the White House. Both they and Republican senators are wondering what is going to happen next in the Fiume mix up.

PRISONERS HELD FOR \$1,500 BAIL ON WHISKEY CHARGE

Hayes Valentine and John Bowman, both colored, arrested on charges of operating illicit whiskey stills here, Tuesday, were placed under \$1,500 bond apiece when they appeared before United States Commissioner Frank Howell in Dayton, Wednesday.

United States Marshall M. J. Devaney came to Xenia Wednesday and took the prisoners to Dayton in company with Assistant Chief of Police Joe Day. They were given a preliminary hearing at once and placed under bond, which they have yet failed to secure.

The charge is a serious one as it is a federal offense and a heavy fine and penitentiary sentence is the penalty. Tuesday night, the men seemed to be little worried over their arrest and joked with Sheriff Punderburg when they had their pictures taken by Photographer E. F. Canby for the Gazette and Republican.

GENERAL RAIL ROAD STRIKE MAY BE PRECIPITATED AFTER MARCH

RAILROAD EMPLOYES' OFFICIALS
AGREE TO GENERAL CONFERENCE

Timothy Shea, at left; B. M. Jewell, center, and E. J. Manion.

These three men—Timothy Shea acting president of the Brotherhood of Firemen and Enginemen; B. M. Jewell, president of the railroad employees' department of the American Federation of Labor, and E. J. Manion, president of the Order of Railway Telegraphers—are the ones who represented 2,000,000 railroad men in the recent negotiations with Director General Walker D. Hines of the railroad administration and President Wilson for increased wages and better working conditions.

The whole question will be considered at a general conference of union chiefs in Washington Feb. 23, the railroad men's representatives having asked the employees to hold their demands in abeyance until then. The agreement reached at the capital to hold a general conference averted, temporarily at least, a general tieup of the railroads.

RUSSIAN SOVIETS GOVERN UNMOLESTED VAST EMPIRE

Sovereignty Comprises One
Eighth of Entire
Globe.

London, Feb. 19.—The Russian soviet government at Moscow now rules a population bigger than that of the United States and controls nearly one-eighth of the terrestrial surface of the globe. The Leningrad-Trotsky regime has crushed the armies of General Nudenich, General Denikin and Admiral Kolchak.

The armies of Kolchak and Denikin, the allies has entrusted the chief task of crushing the bolsheviks and winning Russia back to the triple entente, but Kolchak has been put to death and Denikin's forces have been scattered.

WILSON SENDS REPLY TO NOTE OF THE ALLIES

Washington, Feb. 19.—President Wilson will today send his reply to the communication from the allied premiers which answered his protest against the proposed Adriatic settlement, it was announced at the White House.

The president has read the communication of the allied premiers and is now in his study dictating his answer, it was stated.

The White House stated that reports that there had been a disagreement between the president and former Secretary of State Lansing on the president's Adriatic protest were unfounded. It was stated that the president wrote the protest himself and merely forwarded to the state department for transmission.

Reports of the president's statement as to withdrawal of the peace treaty from the senate, as published in the Matin of Paris, were said to be substantially correct. However, it was denied that this statement had been in the form of a postscript. It was said the statement was made in the body of the note.

PASTOR FOUND DEAD IN HOME

Marion, O., Feb. 19.—Rev. David Bowers, D. D., former district superintendent of the Methodist Episcopal church of the Delaware district and pastor of the churches at Ada, Prospect and Marysville, was found dead in his home at Delaware today. The body was found by a neighbor and it is thought that Dr. Bowers had been dead for a week or more.

ESTABLISH AIR SERVICE

Washington, Feb. 19.—Establishment of an airplane mail service from New York to San Francisco will be recommended by a sub-committee of the senate postoffice committee to the full committee. The sub-committee, The sub-committee agreed on the plan today.

GENERAL KIEFER SECOND CHOICE OF HARDING DELEGATES

Columbus, O., Feb. 19.—General J. W. Kiefer, Springfield, will be the second choice for president among U. S. Senator Harding's delegates throughout the state, it was announced at Senator Harding's headquarters here. Kiefer, it is said, will file his declaration of candidacy.

This action, Harding supporters declare, will insure an Ohio delegation in the Republican national convention which will be for Harding entirely without any obligation to the other main presidential candidates.

London, Feb. 19.—Martial law has been declared in the Saar district of Germany as a result of new disturbances that have broken out there, said an Exchange Telegraph dispatch from Amsterdam today.

ALLIANCE FORMED BETWEEN UNIONS AND THE A.T.O.L.

Factions Agree to Operate
as One Big Organization.

START NEW PROGRAM

To Serve Notice on Congress of Plan on
Arbitration.

Washington, Feb. 19.—Talk of a general railroad strike after the railroads are returned to private ownership grew stronger today following the announcement that unions in the American Federation of Labor and the big brotherhood have forced an alliance to operate as one big union, bound by a written agreement to "act concurrently on a general offensive and defensive program."

"We have for years recognized that in our economies relations with the railroads that the injury to one is the interest of all," says the preamble of the agreement, "hence we, the chief executive of the big railroad organizations of North America, parties to this agreement hereby declare it our policy to co-operate in the adoption of a plan of offensive and defensive procedure to cope with unprecedented conditions confronting us at this time."

The covenant sets forth the following principles:

That there shall be no authorized strike by any one organization unless all agree.

"In concerted action," says the agreement, "all ballots for such vote shall be jointly prepared and approved."

That when the parties to the agreement "are working in co-operation thereunder and extreme action has been decided upon," it shall be taken concurrently by order of the chairman and secretary of the alliance.

Action by Meeting.

That all matters of policy and procedure affecting the general offensive and defensive program of the alliance must be acted upon by a regularly called meeting before any action is taken.

That each organization signatory to the agreement shall be represented in all meetings of affiliated organizations by the chief executive or his personal representative and the organization shall be bound by the action of either.

The brotherhood of locomotive engineers and the united brotherhood of maintenance of way employees and shop laborers, are the only organizations which have not signed the agreement.

Warren Stone, head of the engineers was not present at the conference which drew up the document, being in Chicago in attendance at the co-operative congress. J. B. Malloy, grand vice president of the maintenance of way organization, representing Allen E. Barker, the president, withdrew from the conference because of the strike action of his union.

Both Stone and Barker are expected to attach their signatures at the meeting to be held Feb. 23 to consider finally President Wilson's proposal of a wage tribunal.

Only officials with authority to take strike action will represent the organizations at the Feb. 23 conference.

One of the first acts of the new alliance will be to serve notice on congress and the white house that the railroad workers will not submit to compulsory arbitration or appeal boards.

CABINET GIVEN POWER IN BILL

Washington, Feb. 19.—The cabinet is made the judge of the "physical, mental and moral inability" of the president to perform the duties of his office, and upon a majority decision by the cabinet that there exists such inability on the part of the president the vice president shall assume charge of the presidential office, by the provisions of a bill introduced in the house today by Representative Madden, of Illinois.

"I had catarrh of the stomach so bad I would have gas after every meal and belch up mouthfuls of hot water. My appetite was gone completely away but I'm feeling fine now," declared C. A. Freund whose address is given below.

"It surely had me feeling pretty tough for awhile but one day I read about Earle's Hypo-Cod and went down and got a bottle. My appetite is better. I can eat and retain my food with no bad symptoms afterwards and I feel stronger and invigorated. I believe it's a good medicine for anybody feeling badly or troubled with their stomach," continued Mr. Freund, Foreman Polishing Dept. Computing Scales Co., Dayton, O., and residing at 2703 E. Third St.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man or woman with strong, steady nerves is always full of vigor, energy, ambition and confidence.

You can have forceful nerves, firm step, now courage and keen mind by putting your nerves in first class shape with Evans Triple Phosphates. Take a regular dose in a wine glass of plain water before meals and at bed time for one week. You will then feel as the perfect athlete feels: strong vigorous and full of priceless ambition.

You'll look on life and on your regular duties with a feeling altogether different after a few days and people who are taking all kinds of medicine for stomach, liver and bowel troubles will find as they become strong and more keen minded that these troubles pass away. All good pharmacists dispense Evans Triple Phosphates in the original bottle. Sohn's Drug Store keeps it on hand all the time and says the demand is increasing every day.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 10c and 25c.

Of Course I'll Take Celery King

The king of tonic laxatives. I take it every season and so do mother and the children. It purifies the blood, clears the skin and chases away that worriment feeling. Brew a cup tonight just like you make tea. You'll like it.

Could Not Eat or Sleep

Vinol, our Cod Liver and Iron Tonic, gave him appetite and felt like different man.

Ruston, La. — "I am a working man and got all run down so I could not eat, sleep or work. Vinol was recommended for my condition. It built me up so I eat well, sleep well, can work all day long and not feel tired. In fact, I feel like a different man since I took it." — JOHN H. WILSON.

"Men fret and worry." That's why they overwork, get nervous, all run down, have no appetite, and can "hardly drag around." Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves.

It is the beef and cod liver peptones contained in Vinol aided by iron and glycerophosphates which makes it such a famous blood maker, nerve builder and strength creator.

PERFECT HEALTH IS YOURS

If You Have Pure Blood.

To be in a continual state of good health is the greatest of all blessings, and more to be coveted than riches. Perfect health is not possible, however, if your blood is saturated with poisons. You may feel fine at times, but all the while the poisons are gradually undermining your whole system, and some day when it is not too late you will find yourself a physical wreck.

You know—possibly your doctor has told you—that your blood is saturated with impurities. This condition is manifested by scrofula, sores, eruptive skin and similar diseases.

Do you realize the seriousness of further neglect? Why not begin now, take Prescription C-2223, the treatment of a physician who made a study of blood diseases? This treatment has saved thousands. It's possible that you will secure equally as good results.

Suppose you do this—go to your nearest druggist today and get yourself a \$1.50 bottle of Prescription C-2223. If, after taking two bottles as directed, you have not received sufficient benefit to assure you of securing permanent benefit, take the empty bottles back to the druggist and get the \$1.00 that you paid for the treatment.

In taking Prescription C-2223, something to regulate the bowels and assist in throwing off the poisons is necessary. 223 Liver Pills were prepared especially for this purpose. They have certain tonic effect and do not sicken or gripe. One is a dose.

If your druggist will not supply you and his name and \$1.75 for one \$1.50 bottle of Prescription C-2223 and a 25c bottle of 223 Liver Pills. Write Dept. X of 2223 Laboratory, Memphis, Tenn., literature, 1920 Almanac and sample of the Pills.

CATARRH STOMACH EASILY RELIEVED

"I Had it Pretty Bad But Feel O. K. Now Said This Man."

TELLS HOW HE DID IT BELOW

"I had catarrh of the stomach so bad I would have gas after every meal and belch up mouthfuls of hot water. My appetite was gone completely away but I'm feeling fine now," declared C. A. Freund whose address is given below.

"It surely had me feeling pretty tough for a while but one day I read about Earle's Hypo-Cod and went down and got a bottle. My appetite is better. I can eat and retain my food with no bad symptoms afterwards and I feel stronger and invigorated. I believe it's a good medicine for anybody feeling badly or troubled with their stomach," continued Mr. Freund, Foreman Polishing Dept. Computing Scales Co., Dayton, O., and residing at 2703 E. Third St.

Men who make their living digging up fancy names and tacking them on with a fat fee would give us all the impression that our case is desperate, but the truth is very few of us have anything really wrong with our system. We get weak sometimes from overwork, strain or worry and as we grow older we lack the vitality and reserve force of youth but in nine times out of ten a good tonic will brace anybody up and when nature is strong she will throw out indigestion, catarrh, etc., mighty quick. Try it. Get a bottle of Earle's Hypo-Cod. It is the latest triumph in chemistry and does the work days and weeks sooner.

Earle's Hypo-Cod is sold here by Sohn's Drug Store (opposite Court House) and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.

Legal Notice

Sealed bids will be received at the office of the City Auditor, Xenia, Ohio, until 12 o'clock noon on the first day of March, 1920, for the purchase of the following bond issue of the City of Xenia, Ohio:

CURED HIS PILES

Now 88 Years Old But Works At Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich. I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method. Here is a letter just received from him:

Dear Sir—I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am now 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly
J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a free trial of my internal method for the healing of piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles my method will relieve you promptly.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

The service was read by Rev. J. O. C. McCracken of the Presbyterian church, pastor of the bride's family, at four thirty o'clock, in the presence of one hundred guests.

Southern smilax and pink roses were placed in artistic arrangement throughout the house. White tapers in crystal holders gleamed among them. At either side of the alcove of the bay windows baskets of white wicker were filled with lovely long stemmed pink roses of the Madame Butterfly variety.

Mr. and Mrs. Baldwin received in the parlor, where palms were used to decorate. Miss Esther Lamb of Cincinnati, a school friend of the bride, and Dr. O. G. Stout of Dayton, the best man, were in the receiving line. Mrs. Baldwin wore a dress of white net with a corsage of Columbia roses. Miss Lamb wore white crepe de chine, embroidered, and her flowers were the Columbia roses.

Mrs. Harry A. Thompson of Columbus, was at the piano, playing the accompaniment for Miss Martha Anderson's song "At Dawning," just before the bridal party came down, and the wedding music which followed.

Miss Margaret Steele and Miss Helen Dodds, the bride's maids, led the bridal procession down the staircase. The maids wore frocks just alike, of white ruffled net over jade green satin, and they carried armfuls of Columbia roses.

Frances Jacoby Wilson, daughter of Mr. and Mrs. William Wilson of Springfield, was the flower girl, who scattered rose petals from a tiny basket. Her frock was net over pink silk. Warren Bigger, Jr., dressed all in white, was the ring bearer, carrying therefor in the heart of a pink rose.

As matron of honor, Mrs. Paul Hawkins of Cleveland, was attired in white ruffled net over pink silver cloth, and she carried a shower of Columbia roses. In the music room the bride was met by her father, who escorted her to the altar and gave her in marriage.

The bride's robe was of Duchesse satin, handsomely beaded, and with a long court train. She wore the veil which Mrs. Paul Hawkins, the matron of honor, wore for her marriage, and which was caught about the head with a wreath of orange blossoms, and fell to the hem of the bridal train. Roses, and valley lilies arranged in a shower, composed the bouquet.

A mound of Columbia roses and maiden hair fern centered the bride's table and at each corner an individual candlestick was tied alternately with bows of pink and green tulle. There were rose nut baskets, and a saucy Kewpie with a sash of tulle as the favors.

Dr. and Mrs. Jewell will go down into Kentucky for their honeymoon, leaving during the evening.

PATRIOTIC PLAY GIVEN BY GREENE CHAPTER D. A. R.

Much histrionic ability and a patriotic fervor combined to make the playlet "The Call of the Colors," which was given by members of Chatherine Green Chapter, Daughters of the American Revolution Wednesday afternoon, a successful amateur performance.

The play was given to celebrate Washington's Birthday, the Chapter annually holding a special program and social meeting in honor of that event. Mrs. H. S. LeSourd was the hostess, and one end of the living room at her home was curtained off for the stage. Chairs were placed for 50 people.

Three of the actors took male parts. The play was given in two acts, the first showing a Red Cross gauze room, near an American training camp, and the second a room in a French chateau near the firing line. The capture of Sergeant Hilton of the Royal Rifles, who was found to be a German spy, was a thrilling event of the second act. The part of Sergeant Hilton was one of the leading roles, and was taken by Mrs. S. O. Hale.

Mrs. C. S. Johnson took the part of Mrs. Hilary, head of the gauze room, and Mrs. R. C. Leslie of Springfield, was Sallie Palmer, in charge of the desk. Mrs. J. K. Williamson took one of the principal parts, that of Miriam Thorpe, a Red Cross nurse who went to France. Workers in the gauze room were Misses Florence Steele and Evelyn Galloway, and Mrs. Elbert Babb. As Miss Smith, who was in the employ of the secret service, Mrs. William M. Wilson was very much a mystery until her identity was finally disclosed. Mrs. George R. Schuster took the part of a visitor in the gauze room, who did not prove of the work. Mrs. W. H. Southern Mothers Have Found a Way to Treat Children's Croup and Colds Without Internal Dosing

ALL mothers everywhere know that children's stomachs are delicate and their digestions easily disturbed, and therefore they should be given as little internal dosing as possible. Yet croup and colds come often and certainly cannot be neglected.

A North Carolina Druggist Solves the Problem

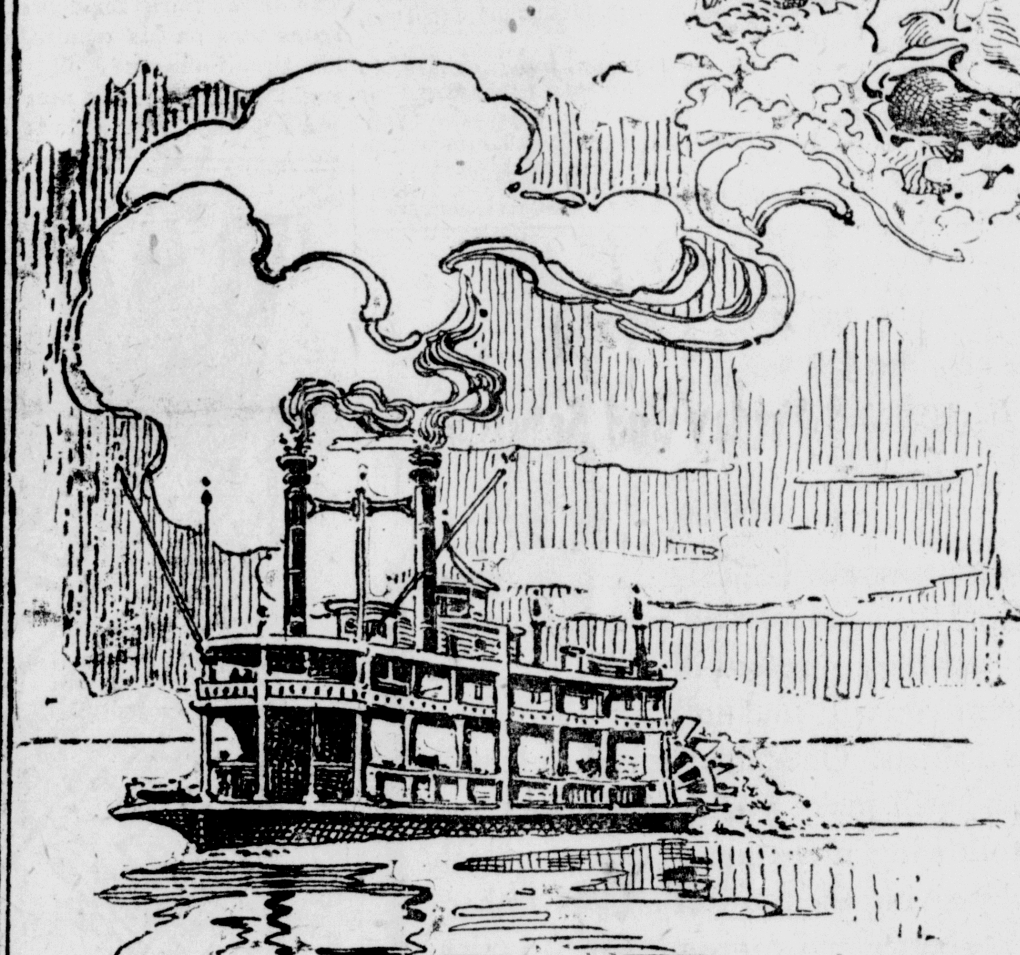

Thanks to Lunsford Richardson, a druggist in Greensboro, N. C., this problem has been solved, and Southern mothers have been given a method of treating cold troubles externally. Mr. Richardson discovered a salve that would vaporize by the body heat when applied over throat and chest. These vapors, inhaled with each breath, carried the medication through the air passages to the lungs, at the same time the salve was absorbed thru and stimulated the skin, attracting the blood to the surface and thus aiding the vapors inhaled to relieve the trouble. This preparation Mr. Richardson called Vick's VapoRub.

Vicks contains no harmful drugs, just the old-fashioned, time-tested remedies—Menthol, Camphor, Thymol, Eucalyptus, Turpentine, etc.—combined in a new-fashioned way.

The Use of Vicks Has Steadily Increased

Starting with the customers of Mr. Richardson's retail drug store, the sale of this external treatment has grown, county by county, state by state, until now Vicks can be found in almost any drug store in all sections of the United States.

Mothers who once use Vicks always keep a bottle on hand thereafter. It is so easily applied, so quick in its effects, and, best of all, can be used as often and as freely as desired, without fear of harmful results.

1917.....	6,799,511 Jars
1918.....	17,377,408 Jars

DIRECTIONS FOR THE USE OF VICKS

Vapors Important—For these troubles a large part of the value of Vicks lies in its vaporizing qualities. So whenever Vicks is applied over the throat and chest, care should be taken to leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

Hot Wet Cloths—In cases of deep chest colds, severe sore throat or incipient pneumonia, hot, wet towels should be used over the throat and chest to open the pores of the skin before applying Vicks.

For Head Colds, Asthma, Catarrh, Hay Fever—Vicks can be melted in a spoon and the vapors inhaled, or a little should be applied up the nostrils and sniffed up the head.

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. An application at bed time usually prevents a night attack of croup. Vicks is particularly recommended for children's colds since it is externally applied, and can, therefore, be used often and freely without disturbing the youngsters' delicate digestions.

For Deep Chest Colds, Sore Throat, Tonsillitis, Bronchitis, Coughs—or any affection of the respiratory organs where there is inflammation or soreness, Vicks should be spread over the throat and chest—if necessary, first using hot wet cloths—and rubbed in well until the skin is red; then spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, a small piece the size of a pea can be swallowed every few hours.

Minor Ailments
In addition to its use for Cold Troubles, Vicks has been found excellent as a salve, liniment or plaster for troubles such as Bites, Burns, Itchings, Soreness, Sunburn.

DEATH CLAIMS MISS ELIZABETH THOMAS WEDNESDAY NIGHT

Miss Elizabeth E. Thomas passed away at her home, 204 East Third street, Wednesday at 10:20 p. m. The cause of her death was anemia, superinduced by other troubles. She was born in Xenia and has lived here all her life with the exception of three years in Washington and two in Nebraska.

She was a teacher in the Sabbath School of the First M. E. church for more than 40 years and only resigned that position last spring on account of failing health.

She was a useful and valued member of the Home and Foreign Missionary Society of the Springfield District.

As president of the Xenia W. C. T. U. she was engaged in getting out a special letter to the members of her Union only a few days before becoming worse.

For 27 years she taught in the Xenia public schools mainly under the superintendency of the late Prof. E. B. Cox, and afterwards taught in other places. Many of the parents of the present generation pay tribute to her influence and work as a teacher.

She is survived by one brother, William H. Thomas, of Dayton, Ohio, and one sister, Miss Jennie.

Funeral services will be held at the First M. E. church on Saturday afternoon at 2 p. m. in charge of Rev. Chas. Bennett.

Friends may call at the home after 3:30 on Friday afternoon.

CURED HIS PILES

Now 88 Years Old But Works At Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich. I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method. Here is a letter just received from him:

Dear Sir—I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am now 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly
J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

DEATH CLAIMS MISS ELIZABETH THOMAS WEDNESDAY NIGHT

Miss Elizabeth E. Thomas passed away at her home, 204 East Third street, Wednesday at 10:20 p. m. The cause of her death was anemia, superinduced by other troubles. She was born in Xenia and has lived here all her life with the exception of three years in Washington and two in Nebraska.

She was a teacher in the Sabbath School of the First M. E. church for more than 40 years and only resigned that position last spring on account of failing health.

She was a useful and valued member of the Home and Foreign Missionary Society of the Springfield District.

As president of the Xenia W. C. T. U. she was engaged in getting out a special letter to the members of her Union only a few days before becoming worse.

For 27 years she taught in the Xenia public schools mainly under the superintendency of the late Prof. E. B. Cox, and afterwards taught in other places. Many of the parents of the present generation pay tribute to her influence and work as a teacher.

She is survived by one brother, William H. Thomas, of Dayton, Ohio, and one sister, Miss Jennie.

Funeral services will be held at the First M. E. church on Saturday afternoon at 2 p. m. in charge of Rev. Chas. Bennett.

Friends may call at the home after 3:30 on Friday afternoon.

and city, south on Ludlow street to Stout street, thence to Main; south to Wyoming and east to and beyond the city limits. An ordinance granting the railway company the right to operate over that route would have to be enacted.

WHAT EX-PRESIDENT TAFT THINKS OF PRESIDENT WILSON'S COURSE WITH SECRETARY LANSING.

"It is going very far to say that a suggestion coming from the ranking member of the cabinet for an informal conference of those charged with the administration of all the departments to confer in respect to an exigency presented by the President's illness and inability to direct them, was a usurpation of his authority. In view of the known traits of Mr. Lansing, this is the last charge which anybody would think of bringing against him.

"The President is unable to see the situation as Mr. Lansing saw it and as the public have seen it during the President's illness. The government could not stop—it must go on, and if the President's condition was such that the government must stop until he got well, then it was time to inquire whether the Vice President should take his place during his period of inability. The informal conferences which Mr. Lansing invited were fully acquiesced in by the other members of the cabinet. Were they not equally subject to criticism? These conferences were helpful in allaying public alarm lest we were to have a headless government. They were something of a factor in delaying formal inquiry by the two houses into what the actual condition of the President was.

"The conference doubtless helped each cabinet member in determining difficult matters in his department and confirmed his judgment by the helpful advice of his colleagues.

"The President's illness could not have come during a time more critical in the post-war period than it did. There was grave concern in all circles of the community. A conference of the heads of the departments charged with the duty of carrying on much of the executive work was most natural. It is a strained and unjust construction of these conferences to call them an assumption of presidential authority.

"Running through the whole correspondence of the President can be seen what must be regarded as an unnecessary and self-irritating jealousy of his prerogative likely to awaken but little sympathy from the public. The people will freely accord to the President the right to have as his advisers, whom he wishes, but on the issues which the President presents in this correspondence they are likely to side with Mr. Lansing."

"PREVENTION BETTER THAN CURE."

A forecast of the final recommendations of the Industrial conference called into being by the President after the failure of its predecessor, reveals what is likely to prove, in the judgment of the country, a program containing greater promise of general acceptance than any of the many which have preceded it. "Prevention instead of cure," is to be the keynote of the suggestions to be offered for the solution of the problems of industrial unrest and for the stabilization of the relations between employers and employed.

Undoubtedly the fundamental cause of discontent among the employed is the deep sense of resentment at injustice, real or fancied, and the consciousness that the employed are given no real or effective voice in the determination of the conditions under which they labor. Given some system by which, without the infringement of any of the rights which properly belong to one or the other, both may be made participants in the management of industry so far as it affects the actual relations of the worker and the employer, it is as certain as anything can be humanly certain that the main causes of dissatisfaction and conflict will be removed.

There are plenty of concrete examples which justify the prediction of the substantial success of any scheme that looks to the "humanizing, liberalizing and dignifying" of work of all kind.

It should require no argument to convince the progressive and wide-awake employer that any machinery which accomplishes such results is far superior to any possible scheme for the adjustment of differences which have reached the stage of bitter conflict. If a real "prevention" of the more acute forms of industrial strife has been devised, then there will be no need for legislation to prohibit strikes or to enforce arbitration. Men will do willingly of their own motion that which they will refuse to do or carry out most unwillingly, under compulsion.

It must be recognized that among the wiser of the labor leaders the strike is looked upon less and less as an instrument to be lightly used and if by firmly planting the principle of participation in our industrial structure the strike shall become less and less necessary, a great advance will have been made.

MERE BUSINESS SENSE.

Can America let the rest of the world starve? Do we feel any sense of obligation toward the less fortunate peoples of the earth, who today are described by competent authority, as starving?

And if the people of the United States admit the agitation of mere humanitarianism, by what specious argument is America kept out of the political tangles of Europe. If America is to feed Europe's starving, to lend stranded European nations the money wherewith to get upon their feet, to engage in profitable trade relations with the Europe that is rejuvenated, by what argument is America convinced that it must be interested in Europe's affairs?

If we bury our heads in the sands of selfish nationalism, if we refuse to be interested in the affairs of other nations, but yet admit our obligation to lend them money to feed their hungry, who is to keep us from being mere dupes and 'easy marks'?

If we are to remain in ignorance for what goes on in Europe, how shall we be sure of the need when our money is asked for? Does a banker lend money to a firm of whose business standing and methods he is ignorant? Or fail to look ahead to the means of getting it back when it comes due? Then does a nation, but refuse to become acquainted with those nations' business affairs, help set up better international machinery?

Our friends, the Allies, may be concerned about President Wilson's threat to take the treaty from the U. S. Senate, but considering the treatment it has there it is doubtful if the full effect of the ultimatum, if such it is, will be felt, on the patient minds of Mr. Wilson's foreign co-workers.

The recent activity of local authorities relative to violation of federal prohibition laws ought to have an instantaneous effect on the price of the home made stug and charge of profiteering against the traffickers in this practice will probably call forth the defense of federal intervention.

Cox is a good sport, he says so himself, and for this reason a veto on the Harding privilege is forthcoming.

CHATTER

McMackeral was defending a man in a murder case. The case looked hopeless; the prosecution was soon done. Then McMackeral rose. In a quiet, conversational tone McMackeral began to talk to the jury. He made no mention of the murder. He just described in vivid colors a pretty country cottage hung with honeysuckle, a young wife preparing supper and the rosy youngsters waiting at the gate to greet their father on his return home for the evening

meal. Suddenly McMackeral stopped. He drew himself up to his full height. Then, striking the table with his fist, he cried, in a voice that thrilled every bosom: "Gentlemen, you must send him back to them!" A red-faced juror choked and blurted out: "By George, sir, we'll do it!" McMackeral, without another word, sat down, and ten minutes later the jury brought in a verdict of acquittal. The prisoner wept as he shook his counsel's hand. "No other man on earth could have saved me as you have done, Mr. McMackeral," he sobbed. "I ain't got no wife or family, sir."

"So your husband went to church with you?"
"Yes, he did."
"What was the minister's sermon about?"
"Charity toward all."
"And did your husband derive any benefit from the discourse?"
"Well, I'll say he did, for when the preacher asked him what he thought of the sermon my husband refrained from replying."

"It is queer that the lawyers cannot find some way to beat prohibition."
"Because the principle is against all the interests of the bar."

PUBLIC SALE AT BRADFORD FARM NETS BIG AMOUNT

The public sale held by Ernest Bradford Tuesday, was one of the largest and most successful of the season, amounted to \$3,500, the entire sale lasting less than two hours.

Despite the bad weather, a crowd of 800 people was on hand, and the property sold well. Mr. Bradford had only been on the farm five years and his equipment was practically new. He farmed scientifically.

The Wallis tractor and implements were sold to Beam Bros., complete. About 100 head of hogs, sold well, shoats bringing as high as \$22.50, and although the market dropped before the sale, broad sows brought as high as \$60 and \$70.

The sale was commented on as being the best advertised and best conducted for some time. A full page ad in the Gazette and Republican was used by Mr. Bradford three times. Only four notes were given during the sale, practically the entire amount being cash.

Mr. and Mrs. Bradford and son Wendell, expect to leave about the middle of next week for the eastern shore of North Carolina, near Beaufort, where they will make their future home, and where Mr. Bradford will specialize in potatoes, corn, soy beans and hogs.

Dayton, O., Feb. 18.—That morphine and other drugs have been successfully passed to prisoners in the county jail and that a secret underground mail service is being carried on was alleged last night by Internal Revenue Inspectors Burgess and Johnson, assisted by United States Marshal Devany, when they took into custody Mrs. Pearl Jacoby, wealthy woman of Mur, Ky.

The arrest of Mrs. Jacoby took place in the county jail, where she is alleged to have gone with two ounces of morphine, contained in a rubber finger, secreted in her hair. She intended to give the drug to Russell Stevens, 30, Cincinnati, a prisoner in the building. Mrs. Jacoby came to Dayton yesterday.

Stevens was brought to Dayton from Cincinnati a little over a month ago under \$2,000 bond for violation of the Harrison drug act. He is also wanted in Kentucky.

CLIFTON

School opened Monday, after being closed a week on account of influenza and whooping cough.

Clayton Mills is still very ill, suffering from bronchial pneumonia.

Mr. Charles Rainey, a former resident of this community, now living in Alabama, spent last week here buying horses.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

BOTH PHONES

Heart and Home Problems

Dear Mrs. Thompson: I am a girl nineteen years old. My mother made me marry a soldier boy who is only eighteen. I have to work every day, sick or well. When I come home at night my mother, father, husband, sisters and brothers treat me very badly.

I did not want to marry this fellow, for I did not love him. I loved another boy and I was going to marry him, but he still loves me. He says he still loves me. I don't know what to do.

TROUBLED AND WORRIED.
You have told me so little of your case that it is difficult to advise. It seems to me that your whole life should not be spoiled because of this mistake.

If you have the money, consult a lawyer and see if he thinks a divorce is advisable and if you are entitled to it.

Something must be wrong with your own attitude since every member of your family seems to be against you.

Even the worst in life can be born cheerfully and some degree of happiness enjoyed.

Dear Mrs. Thompson: I am a young girl who is greatly puzzled in regards to public dances. Although I attend small card parties and other entertainments I get very much disheartened when I hear some of the girls of our crowd discuss the doings of a previous dance. These girls seem to be the most attractive among the other sex and are always having a great time, in which I can see no harm.

Is it true that men's opinions are low of girls who regularly attend public dances? Would you advise me to give up this notion or join the other girls?

DISHEARTENED BUTTERFLY.

So many girls who attend public dance halls rouge and flirt that girls who are careful of their reputations will not attend. Besides, men do not want their sisters to attend. I think, therefore, that your "notion" is wise and that you will be happier in the end if you merely go to card parties and wait until you are invited to private dances.

Dear Mrs. Thompson: Will you kindly tell me what would be the best way to locate my father, whom I have never seen, but have good reason to believe is on a homestead in Oklahoma? He has been there some thirty-five years. **FATHERLESS.**

If you write to a newspaper in Oklahoma they will probably investigate for you for the sake of the story which might follow if your beliefs are true. The police will also help you.

Dear Mrs. Thompson: My aunt, who is a typical old maid, thinks it is foolish and silly for married people to love and kiss each other, and whenever she sees my husband kiss me she laughs.

In my estimation there is nothing nicer than affection between husband and wife. What is your opinion?

HAPPY WIFE.
Love making is embarrassing to those not interested. Of course, it is beautiful to have such a relationship to love and kiss each other, and but most of their demonstrations should be in private.

Dear Mrs. Thompson: Would it be proper for three girls and three boys to go sleigh riding at night?

INTERESTED TOTS.
"Tots" should not go sleigh riding at night unless chaperoned. There should be time after school.

XENIA AFFAIRS ARE DISCUSSED AT MEET

Chairman J. Kenneth Williamson, of the Civic Affairs Committee of the Chamber of Commerce, presided at the open forum meeting of the organization at the noon luncheon Wednesday.

Chairman Williamson went over the work of his committee in the past few months, reviewing what had transpired in regard to the approval and disapproval of bills and measures in state and national legislation which would directly or indirectly affect Xenia.

He also reviewed the activities of his committee with the city and county commissioners and cited the part the committee had taken in assisting I. W. Dodds in development of the Roberts estate.

Mr. Dodds spoke several minutes regarding the tract in question and accompanied his talk with a blue print of that plot which has been finished.

There will be no luncheon next week, because of the February banquet on Friday evening, at which Judge James G. Johnson will be the speaker.

EAST END NEWS

Friday, February 20th, a patriotic program will be given by the pupils of our schools. At 8:30 A. M. the East Main Street School will render their program in their building. The afternoon program will be at Lincoln Building, at 12:45 P. M. the first three grades will have charge and at 2:30 the Junior and Senior High pupils will have charge. All patrons and friends of the school are urged to be present especially the veterans of the Civil, Spanish-American and World wars. A special invitation is also given the ladies of the Relief Corps.

John William Marchant died last night at ten o'clock at his residence at Wilberforce. He had been in declining health for several years. He had resided at Wilberforce for a number of years and was employed by Bishop Jones for 16 years. He was born in Ross County, Ohio, May 1st, 1858. He was a member of Holy Trinity A. M. E. church of Wilberforce for 16 years and filled the office of steward in that church.

Try Making Your Own Cough Remedy
You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of a very known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never sick.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness, bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment ask your druggist for 2½ ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment. Allenru has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. Allenru relieves at once. Immediately after you start it, the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days. Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases and he has instructed Sayre & Hemphill to guarantee it in every instance. adv

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuritis, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest. The Value of an "O. K."

We have two classes of friends; the corporations whose securities we have marketed, and the persons who have bought these securities.

Both have confidence in our O.K., because it means the passing of rigorous tests on values.

The corporations were acceptable to us because they were sound financially and in good business health. Their securities made friends because they were backed by adequate values and safeguarded as to dividends.

The meaning of our O.K. is therefore value, and the result is that we have a constantly increasing demand from two sources—first, old and new customers who want to invest safely in our securities; and second, old and new corporations that want the benefits of the Geiger-Jones principles of financing.

Heart and Home Problems

Dear Mrs. Thompson: I am a girl nineteen years old. My mother made me marry a soldier boy who is only eighteen. I have to work every day, sick or well. When I come home at night my mother, father, husband, sisters and brothers treat me very badly.

I did not want to marry this fellow, for I did not love him. I loved another boy and I was going to marry him, but he was in another state. He says he still loves me.

I don't know what to do.

TROUBLED AND WORRIED.

You have told me so little of your case that it is difficult to advise. It seems to me that your whole life should not be spoiled because of this mistake.

If you have the money, consult a lawyer and see if he thinks a divorce is advisable and if you are entitled to it.

Something must be wrong with your own attitude since every member of your family seems to be against you.

Even the worst in life can be born cheerfully and some degree of happiness enjoyed.

Dear Mrs. Thompson: I am a young girl who is greatly puzzled in regards to public dances. Although I attend small card parties and other entertainments I get very much distressed when I hear some of the girls of our crowd discuss the doings of a previous dance. These girls seem to be the most attractive among the other sex and are always having a great time, in which I can see no harm.

Is it true that men's opinions are low of girls who regularly attend public dances? Would you advise me to give up this notion or join the other girls?

DISHEARTENED BUTTERFLY.

So many girls who attend public dance halls range and flirt that girls who are careful of their reputations will not attend. Besides, men do not want their sisters to attend. I think, therefore, that your "notion" is wise and that you will be happier in the end if you merely go to card parties and wait until you are invited to private dances.

Dear Mrs. Thompson: Will you kindly tell me what would be the best way to locate my father, whom I have never seen, but have good reason to believe is on a homestead in Oklahoma? He has been there some thirty-five years. **FATHERLESS.**

If you write to a newspaper in Oklahoma they will probably investigate for you for the sake of the story which might follow if your beliefs are true. The police will also help you.

Dear Mrs. Thompson: My aunt, who is a typical old maid, thinks it is foolish and silly for married people to love and kiss each other, and whenever she sees my husband kiss me she laughs.

In my estimation there is nothing nicer than affection between husband and wife. What is your opinion?

HAPPY WIFE.

Love making is embarrassing to those not interested. Of course, it is beautiful to have such a relationship existing between husband and wife, but most of their demonstrations should be in private.

Dear Mrs. Thompson: Would it be proper for three girls and three boys to go sleigh riding at night?

INTERESTED TOTS.

"Tots" should not go sleigh riding at night unless chaperoned. There should be time after school.

XENIA AFFAIRS ARE DISCUSSED AT MEET

Chairman J. Kenneth Williamson, of the Civic Affairs Committee of the Chamber of Commerce, presided at the open forum meeting of the organization at the noon luncheon Wednesday.

Chairman Williamson went over the work of his committee in the past few months, reviewing what had transpired in regard to the approval and disapproval of bills and measures in state and national legislation which would directly or indirectly affect Xenia.

He also reviewed the activities of his committee with the city and county commissioners and cited the part the committee had taken in assisting J. W. Dadds in development of the Roberts estate.

Mr. Dadds spoke several minutes regarding the tract in question and accompanied his talk with a blue print of that plot which has been finished.

There will be no luncheon next week, because of the February banquet on Friday evening, at which Judge James G. Johnson will be the speaker.

EAST END NEWS

Friday, February 20th, a patriotic program will be given by the pupils of our schools. At 8:30 A. M. the East Main Street School will render their program in their building. The afternoon program will be at Lincoln Building, at 12:45 P. M. the first three grades will have charge and at 2:30 the Junior and Senior High pupils will have charge. All patrons and friends of the school are urged to be present especially the veterans of the Civil, Spanish-American and World wars. A special invitation also given the ladies of the Relief Corps.

John William Marchant died last night at ten o'clock at his residence at Wilberforce. He had been in declining health for several years. He had resided at Wilberforce for a number of years and was employed by Bishop Jones for 16 years. He was born in Ross County, Ohio, May 1st, 1858. He was a member of Holy Trinity A. M. E. church of Wilberforce for 16 years and filled the office of steward in that church.

The Value of an "O. K."

We have two classes of friends; the corporations whose securities we have marketed, and the persons who have bought these securities.

Both have confidence in our O.K., because it means the passing of rigorous tests on values.

The corporations were acceptable to us because they were sound financially and in good business health. Their securities made friends because they were backed by adequate values and safeguarded as to dividends.

The meaning of our O.K. is therefore value, and the result is that we have a constantly increasing demand from two sources—first, old and new customers who want to invest safely in our securities; and second, old and new corporations that want the benefits of the Geiger-Jones principles of financing.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatism, he will gladly return your money without comment.

Allenru has been tried and tested for years, and real marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start it the good work begins. It searches out the uric acid deposits, dissolves the accretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases and he has instructed Sayre & Hemphill to guarantee it in every instance. adv

HIGH SCHOOL ASSOCIATION ELECTS NEW MEMBERS

The Central High-School "X" Association which is the athletic organization of the school held a meeting Wednesday afternoon, and re-organized. All but a few members graduated last year so that the organization has been inactive since that time.

The association is composed of students who have played in enough games to win their letters. As a number of new members are now eligible for the body it was decided to bring it into existence again and the meeting was called.

Richard LeSourd, captain of the basketball team, was elected President to fill the place of Lawrence Riddell; Paul Boxwell was selected as vice-president; while John Beacham was re-elected secretary-treasurer.

Paul Boxwell, a Sophomore, was elected to lead the eleven next year. He started the season at tackle but was shifted to the back-line and played brilliantly all season. He is a natural football player and should make a capable leader.

The association had a discussion on whether to send the basketball team to Delaware or to buy sweaters with the proceeds of the Bijou benefit. The question was voted on and it was unanimously decided to purchase the sweaters.

The sweaters selected by the members will be plain white, good quality jerseys, with an eight inch heavy block letter of blue felt. The sweaters will be ordered immediately and the players are keenly anticipating the time when they can sport them.

Miss Cleo McKay, of the O. W. U., was home to attend the wedding of her cousin, Miss Eva McKay to Edwin Kirk, which took place today at noon, at the home of the bride, near New Burlington.

Mrs. Aaron Bacon, of Hill street, is quite ill of bronchial asthma.

CEDARVILLE

Mrs. Charles Turnbull went to Wellsboro, O., Saturday, where she is the guest of her son-in-law and daughter, Rev. and Mrs. Woodbridge Ustick.

A number of ladies of the town met at the home of Mrs. C. M. Crouse, last week and organized a research club.

Pres. W. R. McChesney and Dean Leroy Allen, of Cedarville college, are in Columbus attending a "Forward Movement" convention of the churches.

The last number of the lecture course which is a lecture by Dr. Lincoln McConnell, was postponed from Feb. 16th to Feb. 27th.

The students of Cedarville college are giving all their extra time to the preparation of an entertainment to be given Tuesday evening, Feb. 24, at the opera house. The program will consist of music, readings and two short plays. These plays are very interesting and we feel sure that all who attend them will be pleased. Home talent entertainments are always good and we are predicting as large a crowd as usual at this evening's gathering. Special effort is being given to make this a successful entertainment. The parts are given to the students who are capable of in-

terpreting aright.

To the 320 "Paid-in-Advance" Cedarville subscribers of the Gazette and Republican, we wish to say that the 301 Cedarville subscribers of the Cedarville Herald have been grossly misinformed on our sale bill proposition, by that paper.

The farmer of today is modernized and is just as up-to-date as the city or town man, and can easily see the disadvantage of trying to get publicity for a public sale out of the ancient custom of posting sale bills, whether for a large or small sale. He knows that to get good prices he must have a good big crowd, and that can only be had by letting everybody in the county know about this sale and what he is offering, and, it didn't take him so very long to get to the bottom of matters on just HOW to reach those buyers—and that was through Gazette and Republican newspaper space.

If you have not already tried the pulling power of these papers, don't rest until your sale is in our columns. Its the best investment you can make.

The Gazette and Republican.

By publishing this ad in the Gazette and Republican, the places his sale in detailed form in the paper the farmer WANTS, PAYS for IN ADVANCE and READS. We positively charge him no more for the advertising than we charge anyone else for the same quantity of space, but in addition we positively give him free sale bills of what ever size ad he buys, aside from other valuable advertising and announcements for which he pays nothing. There is no snare or delusion at all—it is a plain business proposition and every live farmer who comes to our counter buys, after having the matter fully explained to him, and the best of all is that he comes back from year to year, as he has made the discovery of how he can almost guarantee himself a "buying crowd" on sale day. Mother and Daughter Helped.

Middleburg, Pa. — "I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used." — Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

Fall River, Mass. —

"Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever." — Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

Maple

Be sure to ask your grocer for Karo Maple in the Green Can. It is guaranteed to please you or your grocer returns your money.

HERE is welcome news to housewives who have suffered from the scarcity and extravagant cost of maple syrup.

The Karo you know so well can now be had with a delightful flavoring of pure maple sugar.

It's Karo Maple Flavor in the Green Can. It tastes as good as it looks, and it is as good for you as it tastes. The purity and wholesomeness of genuine maple sugar are behind that delicious taste.

Keep Karo Maple Flavor on the table. No other syrup is so delicious for pancakes or waffles. And remember it is always reasonably priced.

BRADYS TO MEET BATTERY D FRIDAY

The Brady five will again stack up against the Battery D outfit of Dayton, as Manager Stephens has booked them for another engagement on Friday night.

This will be the third and deciding game of the series. In their first meeting on the home floor the Bradys copped the long end of a 23 to 12 score. A return engagement was played on the Y. M. floor at Dayton, and after holding their opponents on equal terms the first half the Bradys were unable to keep up in the final period and were defeated. The floor was warmly heated and this proved a handicap to the local team as it slowed up their team work.

The Bradys are confident that they will come out on top Friday night and so cop the honors of the series. This will be their first game this week as the contest scheduled with the Wilmington Maroons was called off at the last minute.

The Battery lads have one of the best teams seen on the local floor this season and can be counted on to furnish stiff opposition. The fans were very much pleased with the fast clean game they played in their initial contest and their return will be welcomed by those who saw their previous game.

The Battery D-Duriron game which was to be played this week was called off, due to the inability to get the floor. In their first game the Durirons won out by a single field goal in an overtime contest. Last week the Durirons failed to furnish much opposition to the locals, were trimmed 35 to 11. The dope seems to favor the Bradys in a comparison between their showings against the Duriron outfit.

Captain Horen has announced that he will have the strongest possible lineup to take the floor against the army lads. Hurley will probably be back at center and if so Barnett will likely appear at one of the guard positions. If Hurley does not play Horen will probably take the pivot position with Barnett at forward. Stephens, Curlett and Guilday will also be on hand.

BYRON

The memories of Washington and Lincoln were honored by the pupils of Byron school, Friday, Feb. 13.

Howard Miller, wife and baby are recovering from the influenza after having been ill for two weeks.

Mr. John Koogler and family moved Wednesday to their new home they recently purchased.

Mrs. J. A. Lindamood and Mrs. Chas. H. Morgan were shopping in Yellow Springs last Wednesday.

Miss Ethel Miller, entertained the members of the Philathea class of the Byron church at the home of Mr. and Mrs. D. C. Harner Saturday, Feb. 14.

Mr. and Mrs. William Bowers and children were visiting with Mrs. Bowers mother, Mrs. Alice Batdorf Saturday.

DON'T TREAT KIDNEYS ROUGH, WARNS DR. CAREY, SPECIALIST

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Back ache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

"Thousands die yearly because they neglect their kidneys," says Dr. Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot, which, during my active practice, has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember. Sayre & Hemphill can supply you.

STOMACH SO BAD SHE HAD LOST ALL HOPE

Suffered agony for 8 years, and then got well in a hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning, and lived on milk and soup. My stomach was one solid sore."

"Doctors said I had catarrh and neuralgia of the stomach, also female trouble for which I needed an operation. I was nothing but a living skeleton and had given up hope."

"Then my husband brought home a bottle of Milk's Emulsion. From the second dose, I began eating, and now, after 10 bottles, I eat anything I want. I haven't had a pain in my stomach since the first dose, and my female trouble is fast disappearing."—Mattie Cartwright, Tyler, Texas.

The blessed relief which Milk's Emulsion gives in stomach trouble is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by Sayre & Hemphill.

Tri-County Noxine, Co., Lebanon, Ohio.

Gentlemen:—About a month ago my herd of sixty seven fall pigs commenced to go bad, dying four or five a week until I lost about seventeen head. Ten days ago I answered your "Noxine" advertisement, at that time fourteen head were very bad and the rest were coughing and wheezing and not doing justice to the food they were getting. Your representative said that they had the "Flu." I gave Noxine according to directions and since that time I have not lost a pig and from all appearances I firmly believe every one will recover. I feel that "Noxine" has been a great help to me and I can recommend it to all hog raisers. It cures the "Flu" and kills the Worms.

For the Sale of Bonds of The Xenia Board of Education of the City of Xenia, Greene County, Ohio.

Sealed proposals will be received at the office of the clerk of the Board of Education of the City of Xenia, Greene County, Ohio, up until twelve (12) o'clock noon on the 11th day of March 1920, for the purchase of bonds of said Board of Education in the aggregate sum of Twenty-five Thousand (\$25,000) Dollars. All of said bonds to be dated Feb. 12, 1920, and will bear interest at the rate of 5 1-2 per cent, payable semi-annually on the 12th day of February and the 12th day of August of each succeeding year thereafter, beginning with February 12, 1921.

Said bonds and interest thereon will be payable when due in lawful money of the United States of America at The Citizens National Bank of Xenia, Ohio, and said bonds will become due and payable as follows:

One bond of \$500.00, due August 12, 1921 for \$500.00 and one bond of like sum will be due and payable on the 12th day of February and on the 12th day of August of each succeeding year thereafter up to and including February 12, 1946, when the final bond will be due and payable.

Said bonds are issued by virtue of the authority of the law vested in said Board of Education under Sections 7625-7626 and 7627 of the General Code of Ohio, and by the virtue of an election held by the voters of said School District.

Said bonds are issued in accordance with a certain resolution passed by the Board of Education of said School District on February 12, 1920.

Said bonds will be sold to the competitive bidder for not less than their par value and accrued interest to the date of delivery.

The Board reserves the right to reject any and all bids. Bids must be accompanied by a check for 10 per cent of the amount of the bid to be held in escrow by the clerk of the Board of Education of the City of Xenia, Ohio, and the balance of the bid must be paid on the 12th day of February and on the 12th day of August of each succeeding year thereafter up to and including February 12, 1946, when the final bond will be due and payable.

Done by order of the Board of Education of the City of Xenia, Ohio, this 10th day of February, 1920.

Clerk of the Board of Education of Xenia City School District.

INDIANS INTRODUCED IN NEWBERRY TRIAL AS STAR WITNESSES

Grand Rapids, Mich., Feb. 19.—Picturesque testimony on how numbers of noble red men of Michigan were induced to vote for Senator Newberry in the 1918 senatorial campaign may be given at the Newberry trial today, providing the blizzard raging in the state permits a trainload of Chippewas to reach Grand Rapids today. Today was designated "Indian day" at the trial, and if the blizzard does not interfere several aborigines from the north woods are expected to take the stand and tell what led them to cast their ballots for Senator Newberry. Their testimony is expected to have a bearing on that given by J. W. W. charged with the murder of Centralia on armistice day opened its case today with the first real victory scored on its behalf.

William S. Darling, deputy state oil inspector and a Newberry worker, was named as the man who handed over the "wampum." The incident is reported to be only one in the story of Chippewa senatorial voting.

INCREASE CANOE CAPACITY AT CLUB

Dayton, O., Feb. 19.—Fifty new lockers will be constructed at Island Park, Dayton, for the coming summer, according to the announcement of Park Superintendent William Madden. The addition will give 282 lockers at the resort.

Applications for lockers to the number of 300 have already been received. Other improvements at the park including the leveling of the dance pavilion floor, and the purchase and installation of some grille work and artificial decorations, so as to make the place more attractive. The receipts from boating, bathing and dancing at Island Park last year amounted to \$34,949. Johnnie Necker's famous jazz and novelty band and orchestra will furnish the dance music at the park this summer.

PERJURY CHARGED IN SPRINGFIELD

Springfield, O., Feb. 19.—Analysis of the testimony given in Judge Geiger's court on the alleged bribery scandal Wednesday, is said to show that somebody committed perjury. The trial resulting in the court action that the city commission may rescind its action in awarding the garbage contract to William C. Whitmer, did not decide the big question in the whole scandal, the big question being, is Commissioner William C. Frock a dishonest man or not?

Whitmar, under oath, admitted he (Whitmar) was a grafter. Fleming is admitted to have accumulated a bad reputation. The question of Frock will be the big question to be decided in the case.

DEFENSE OF I. W. W. OPENS THURSDAY

Montesano, Wash., Feb. 19.—The defense in the trial of the I. W. W. charged with the murders at Centralia on armistice day opened its case today with the first real victory scored on its behalf.

A court closed yesterday, Superior Judge Wilson, presiding, ordered Bert Faulkner, the youngest of the eleven prisoners, to be set free. The court held that the evidence adduced

against the prisoner had been insufficient to warrant its going before the jury.

The direct verdict was asked by the defense attorney in behalf of all the prisoners, but Faulkner was the only one set free.

The defense will begin taking testimony today.

DOUGLAS FIVE IS WINNER WEDNESDAY

Wilberforce academy basketball team was defeated by the Douglas Debating Club team of Springfield, at the Center Street Y. M. C. A., in Springfield, Wednesday night by the score of 30-22.

The first half of the contest was slow and there was very little scoring, but the second period went at top speed.

GOVERNOR AGREES TO SALARY INCREASE FOR STATE EMPLOYEES

Columbus, O., Feb. 19.—Governor Cox has approved the bill which grants state employees, receiving less than \$2,400 a year, a \$20 a month salary increase. The governor also signed the cigarette license fee bill which increases the license fee for retailers from \$15 to \$50 and for wholesalers from \$30 to \$200.

The governor still has 38 bills before him, which must either become laws or be vetoed before Sunday.

Due to the numerous bills which the

RECIPES FOR A DAY.

Griddle Cakes—The prepared griddle cake flour which are in the markets today are inexpensive and so well prepared that it is often better to buy these rather than mix the batter. This particularly is true for buckwheat flour.

The prepared flour, which contains the milk and other ingredients, together with the rising qualities, does away with setting the batter the night before. Often poor yeasts and hurried miscalculations make cakes heavy. But with prepared flour, where only the adding of water is necessary, our family never finds the morning meal too heavy for men who do not exercise much. For men who do not exercise much, for about 7 cents one can make enough cakes for all. One box is sufficient for two breakfasts for a family of three over. One box will make about forty cakes.

Pea Soup—One can or two cups peas, two level teaspoons sugar.

2—One pint milk, one slice onion, two tablespoons butter, two tablespoons flour, one teaspoon salt, pepper to taste.

1—Stew peas with sugar until tender. Rub through sieve.

2—Make a white sauce of two by

melting butter in top of double boiler. Add flour and then scalded milk. Cook five minutes.

Combine 1 and 2. Remove onion before serving.

To use with the soup make croutons by toasting in the broiler cubes of buttered stale bread.

This is a nutritious, tasty dish, and it is a good way to use "leftover" peas (used in the same proportions). This is a purée rather than a soup—and very filling.

Baked Corn—One can corn, one egg (yolk and whites beaten separately), one teaspoon salt, one tablespoon sugar, one tablespoon flour, one tablespoon butter, one cup milk.

Mix flour with milk as a thickening. Combine with other ingredients, folding white of egg in last. Turn into buttered bake dish and bake in slow oven for thirty minutes, or until firm.

TASTY SALADS.

Lettuce and Bacon Salad—Cut lettuce leaves in strips. Take three fresh, crispy fried. Cut in small bits. Scatter over lettuce. Make a hot vinegar sauce by combining one-quarter cup hot vinegar, one-half teaspoon sugar, one-half teaspoon olive oil. Pour over bacon while hot. This is a pleasing, inexpensive salad.

Apple Salad—Pare and chop twelve large apples, one-half cup raisins, one-half cup hickorynuts, whip one and one-half cups of cream add enough maple syrup to sweeten.

Pour whipped cream over raisins, nuts and apples just before serving.

Waldorf Salad—Pare and core and cut in one-half inch cubes, tart, juicy apples. Add half cup much celery, washed, scraped and cut into cubes. Wash and seed one cup of Tokay grapes and use one-half cup of nuts. Mix with mayonnaise dressing and serve on a bed of lettuce.

legislature sent to the governor for action after adjournment, the governor's assistants and clerical force have been extremely busy. Where the bills affect state departments, Governor Cox has called in department heads for advice and criticism on the various features of the measures.

WILL EXTRADITE ALLEGED MEMBER

Columbus, O., Feb. 19.—Extradition to Chicago of Mrs. Margaret Prevey of Akron, under indictment as an alleged member of the Communist party, has been granted by Governor Cox. Mrs. Prevey, one time Ohio socialist leader, is under arrest at Akron. Her attorney, in arguing against the extradition, declared that Mrs. Prevey "would be legally, if not physically, lynched in Chicago."

A MODERN STORY OF HOME AND BUSINESS

ANOTHER WARNING---AND AN INVITATION CHAPTER 56.

"When are you coming back to the shop?"

Mary asked the question after I had followed her to the door.

"In a day or two. The doctor says Robert will be all right. He will be confined to the house longer, of course, but he will be able to wait upon himself."

"I don't know, Gerry—I wonder sometimes about you and Bob," she spoke very seriously. "Something quite unusual for Mary. 'You're so wrapped up in the shop, what do you are doing what you want to do that you don't bother much about—anything else—whether you are going to be happy, or make him happy. You're looking all the time to see what you're getting out of life that you don't stop and ask if there's anything big or fine you are missing, because you look at everything from the business end of things—your own business end. I wonder if you ever think you ain't treating yourself quite fair—or Robert either."

"What a queer girl you are!" I was a bit impatient. "I'd like to know what we would do if I wasn't a business woman? What we would do now?"

"Maybe Robert would have come home if he had had a home to come to. Then he wouldn't have been

hurt."

"You have that home idea on the brain since you took that flat," I returned, not taking anything she said seriously.

"Good night, Gerry. I am awfully sorry for Robert, but I am sorrier for you. The woman always gets hurt the most in the end when things go wrong," and without waiting for an answer, she left me.

Yet I thought of what Mary had said, even if I did not consider it at the time. A day or two afterward I said to Robert:

"You told me the reason you didn't come home that night you were hurt was because you were blue and depressed. Was there anything particular, anything new that made you so?"

"No, nothing but the same old story."

He had flushed and at once I knew he would be pleased if I asked no more questions. But I asked no more questions. I was determined to find out what had happened that night.

"Where did you get your dinner?" "I had dinner at Marion's."

"How did it happen you didn't take her to the theater if you dined with her?"

"Oh, she had a previous engagement."

Suddenly I thought I knew the reason he had been depressed and why he had been so absent-minded and careless when crossing the

street. He had been either jealous or annoyed because Marion could not go with him and depressed for the same reason.

"I asked no more questions. I had learned all I wanted to know. Mary Ryan could talk all she pleased—it would make no difference. Robert would probably be and do just as he was doing no matter where we were. He was in love—or something very like it—with Marion Hovey. Yet, even thinking this, I never doubted that he still cared for me!"

That night I slept very little, and the next day was so tired, so inattentive, that Madame asked me if I were ill.

"Why no, I am perfectly well, I told her."

"Mrs. Wade left in a huff—said she hadn't been getting the proper attention. I noticed you had been waiting on her, so I concluded you were ill."

Her sarcasm effectively made me pull myself together, and for the rest of the day I compelled myself to attend strictly to business.

I walked home. I felt I needed the air and exercise. I had nearly reached the boarding house when I met Gardner Kenyon.

"This is luck," he exclaimed. I told him about Robert's accident and he insisted upon talking home with me. "You say he is perfectly all right now. Why not play hooky and go to dinner with me?"

INDIANS INTRODUCED IN NEWBERRY TRIAL AS STAR WITNESSES

Grand Rapids, Mich., Feb. 19.—Picturesque testimony on how numbers of noble red men of Michigan were induced to vote for Senator Newberry in the 1918 senatorial campaign may be given at the Newberry trial today, providing the blizzard raging in the state permits a trainload of Chippewas to reach Grand Rapids today. Today was designated "Indian day" at the trial, and if the blizzard does not interfere several aborigines from the north woods are expected to take the stand and tell what led them to cast their ballots for Senator Newberry. Their testimony is expected to have a bearing on that given by J. W. W. W. a pioneer of Grossville, who declared he received some Newberry "wampum" for rounding up the Indians and steering them to the polls.

William S. Darling, deputy state oil inspector and a Newberry worker, was named as the man who handed over the "wampum." The incident is reported to be only one in the story of Chippewa senatorial voting.

Further testimony concerning the activities of Newberry workers in the more congested wards of Detroit will open the day's session.

INCREASE CANOE CAPACITY AT CLUB

Dayton, O., Feb. 19.—Fifty new lockers will be constructed at Island Park, Dayton, for the coming summer, according to the announcement to Park Superintendent William Madden. The addition will give 282 lockers at the resort.

Applications for lockers to the number of 300 have already been received. Other improvements at the park including the leveling of the dance pavilion floor, and the purchase and installation of some grill work and artificial decorations, so as to make the place more attractive.

The receipts from boating, bathing and dancing at Island Park last year amounted to \$34,949. Johnnie Necker's famous jazz and novelty band and orchestra will furnish the dance music at the park this summer.

PERJURY CHARGED IN SPRINGFIELD

Springfield, O., Feb. 19.—Analysis of the testimony given in Judge Geiger's court on the alleged bribery scandal Wednesday, is said to show that somebody committed perjury.

The trial resulting in the court action that the city commission may rescind its action in awarding the garbage contract to William C. Whitmer, did not decide the big question in the whole scandal, the big question being, is Commissioner William C. Frock a dishonest man or not?

Whitmer, under oath, admitted he (Whitmer) was a grafter. Fleming is admitted to have accumulated a bad reputation. The question of Frock will be the big question to be decided in the case.

DEFENSE OF I. W. W. OPENS THURSDAY

Montesano, Wash., Feb. 19.—The defense in the trial of the I. W. W. charged with the murders at Centralia on armistice day opened its case today with the first real victory scored on its behalf.

A court closed yesterday, Superior Judge Wilson, presiding, ordered Bert Faulkner, the youngest of the eleven prisoners, to be set free. The court held that the evidence adduced

against the prisoner had been insufficient to warrant its going before the jury.

The direct verdict was asked by the defense attorney in behalf of all the prisoners, but Faulkner was the only one set free.

The defense will begin taking testimony today.

DOUGLAS FIVE IS WINNER WEDNESDAY

Wilberforce academy basketball team was defeated by the Douglas Debating Club team of Springfield, at the Center Street Y. M. C. A., in Springfield, Wednesday night by the score of 30-22.

The first half of the contest was slow and there was very little scoring, but the second period went at top speed.

GOVERNOR AGREES TO SALARY INCREASE FOR STATE EMPLOYEES

Columbus, O., Feb. 19.—Governor Cox has approved the bill which grants to state employees, receiving less than \$2,400 a year, a \$20 a month salary increase. The governor also signed the cigarette license fee bill which increases the license fee for retailers from \$15 to \$50 and for wholesalers from \$30 to \$200.

The governor still has 38 bills before him, which must either become laws or be vetoed before Sunday.

RECIPES FOR A DAY.

Griddle Cakes.—The prepared griddle cake flours which are in the markets today are inexpensive and so well prepared that it is often better to buy these rather than mix the batter. This particularly is true for buckwheat flour.

The prepared flour, which contains the milk and other ingredients, together with the rising qualities, does away with setting the batter the night before. Often poor yeasts and hurried miscalculations make cakes heavy. But with prepared flours, where only the adding of water is necessary, our family never finds the morning meal too heavy for men who do not exercise much. For about 7 cents one can make enough cakes for all. One box is sufficient for two breakfasts for a family of three or four. One box will make about forty cakes.

Pea Soup.—One can or two cups peas, two level teaspoons sugar.
2.—One pint milk, one slice onion, two tablespoons butter, two table-spoons flour, one teaspoon salt, pepper to taste.
1.—Stew peas with sugar until tender. Rub through sieve.
2.—Make a white sauce of two by

melting butter in top of double boiler. Add flour and then scalded milk. Cook five minutes.

Combine 1 and 2. Remove onion before serving.
To use with the soup make croutons by toasting in the broiler cubes of buttered stale bread.
This is a nutritious, tasty dish, and it is a good way to use "leftover" peas (used in the same proportions). This is a puree rather than a soup—and very filling.

Baked Corn.—One can corn, one egg (yolk and whites beaten separately), one teaspoon salt, one table-spoon sugar, one table-spoon flour, one table-spoon butter, one cup milk. Mix flour with milk as a thickening. Combine with other ingredients, folding white of egg in last. Turn into buttered bake dish and bake in slow oven for thirty minutes, or until firm.

TASTY SALADS.

Lettuce and Bacon Salad.—Cut lettuce leaves in strips. Take three fresh, crispy fried. Cut in small bits. Scatter over lettuce. Make a hot vinegar sauce by combining one-quarter cup hot vinegar, one-half teaspoon sugar, one-half teaspoon olive oil. Pour over bacon while hot. This is a pleasing, inexpensive salad.

Apple Salad.—Pare and chop two large apples, one-half cup of raisins, one-half cup hickorynuts, whip one and one-half cups of cream add enough maple syrup to sweeten. Pour whipped cream over raisins, nuts and apples just before serving.

Waldorf Salad.—Pare and core and cut in one-half inch cubes, tart, juicy apples. Add half as much celery, washed, scraped and cut into cubes. Wash and seed one cup of Tokay grapes and use one-half cup of nuts. Mix with mayonnaise dressing and serve on a bed of lettuce.

legislature sent to the governor for action after adjournment, the governor's assistants and clerical force have been extremely busy. Where the bills affect state departments, Governor Cox has called in department heads for advice and criticism on the various features of the measures.

WILL EXTRADITE ALLEGED MEMBER

Columbus, O., Feb. 19.—Extradition to Chicago of Mrs. Margaret Prevey of Akron, under indictment as an alleged member of the Communist party, has been granted by Governor Cox. Mrs. Prevey, one time Ohio socialist leader, is under arrest at Akron. Her attorney, in arguing against the extradition, declared that Mrs. Prevey "would be legally, if not physically lynched in Chicago."
